

preferred timber profiles for sashless double hung and horizontal slider units

head
 (by others)

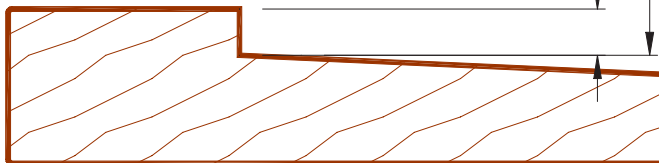

head rebate

* flat head (no rebate)

* for ease of manufacture, these dimensions are the easiest option to set up frames to suit 90% of sashless window combinations (double hung and slider)

sill
 (by others)

* sill rebate = 80mm

10 to 15mm rebate depth

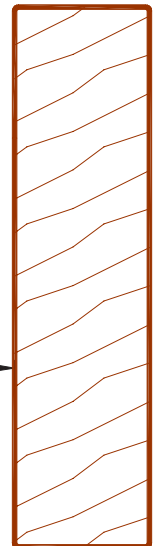

aneeta opening size

type of double hung	rebates
